A PARTNERSHIP THAT MAKES AN IMPACT

For more than 30 years, the Children's Heart Network (CHN) has been the lifeline for families across B.C. navigating the challenges of congenital and acquired heart disease. Each year, we provide support, resources, and unforgettable experiences to more than 600 families—helping them feel less alone on the hardest journey of their lives.

Our signature Gala has raised over \$1 million to date, directly benefiting children and families living with CHD. This extraordinary evening is not only about raising funds—it's about creating hope, building community, and celebrating resilience.

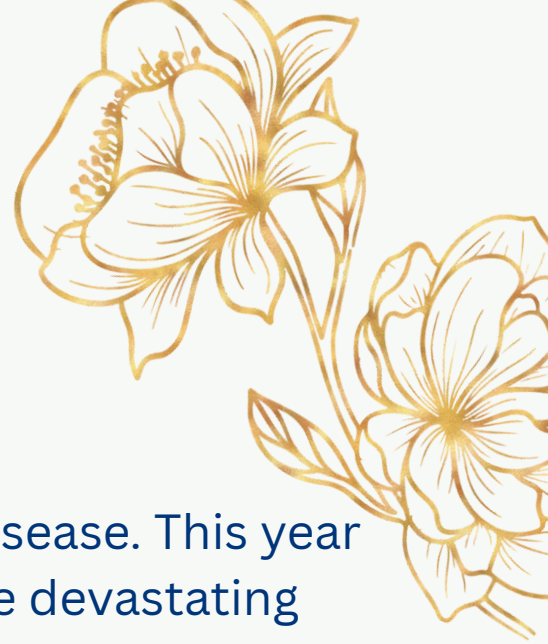

On May 8, 2026, CHN will host its 22nd Annual Gala, an Evening for Every Heart, welcoming more than 250 leaders from the medical, philanthropic, and business communities.

As a sponsor, your brand will stand alongside a cause that inspires compassion and loyalty—while gaining exclusive exposure to a high-profile audience committed to making a difference.

Together, we can ensure every child and family living with CHD receives the care, connection, and joy they deserve.

Thank you for your support. It means the world to us.

HOPE STARTS HERE

One in every 100 babies is born with heart disease. This year in British Columbia, 500 families will hear the devastating words that their child has a heart defect — and for half of them, medical intervention will be urgently needed.

Medical breakthroughs mean that many of these children can grow up to live long, fulfilling lives. Yet for families, the journey doesn't end when their child leaves the hospital. Life with congenital heart disease reshapes dreams and daily realities. Parents face challenges they never imagined, and too often, the comfort of familiar support systems fades away. Many families are left feeling overwhelmed, isolated, and alone at the very moment they need community the most.

This is where the Children's Heart Network comes in - to educate, support, and connect families with others who have faced similar challenges.
